Berryessa and S2S need to be sent back to Randy for FS to comment on.

Hi,

I've made revisions to both of these write-ups. Saved on the O drive.

Christian -- you had the Berryessa doc open, so I created a new version.

I looked at the FS material saved on Drive for these monuments and it looks like it has been adequately incorporated. I moved the tables/figures to the end and revised the cultural resources section along the lines we discussed (using Bears Ears as the model).

There are still some track changes and comments in the docs, but I think they could be stripped out.  
Do we need to send these back to Randy?

Ben
